Project Details

URL : proxscripts.com

Description : This is the website from where we are selling our products like MLM marketing, Matrix, Investment plans, Revenue Sharing, Advertisement etc. First we had developed this products in CorePHP and for the performance and other issue we stopped selling this script and develop this script in CakePHP. Product Name was xSharePro, xSharePro2, xSplitPro, xSplitPro2.

Now new product in CakePHP is **ProxCore**. For demo of our work please visit : **demo.proxcore.com.** We are everyday busy with customization as per client request.
